BY-ELECTION SUMMARY

The resignation of Mr. L.R. (Bud) Sherman on 5 August 1984 resulted in a vacancy in the electoral division of Fort Garry.

On 28 August 1984, pursuant to an Order-in-Council signed the same day, a Writ of Election was issued by the Chief Electoral Officer to Mr. Bert Woodward, Returning Officer. The Writ of Election ordered that an election be held in the electoral division of Fort Garry on 2 October 1984.

A total of 15,574 eligible voters were registered to vote and of this total 8,000 or 51.37% exercised their franchise. The names of voters were placed on the voters' list in the following manner:

Method	# of Voters	%
Enumeration (2-6 September)	14,990	96.25
Revision (14-15 September)	320	2.05
Declared at the Poll	264	1.70
TOTAL:	15,574	100.00

The Chief Electoral Officer fixed the days for advance poll voting to be 15, 19, 22, 24 and 27 September 1984. In addition, advance poll voting in the Office of the Returning Officer was conducted on 17, 18, 20, 21, 25, 26, 28 and 29 September.

Polling day was 2 October 1984 and the official results were announced by the Returning Officer on 4 October 1984. Mr. Charlie Birt, endorsed by the Progressive Conservative Party of Manitoba, was declared duly elected.

On return of the Writ of Election and the Certificate of Election from the Returning Officer, the Chief Electoral Officer published notice of the return of the member elected, in the Manitoba Gazette on 27 October 1984.

The by-election was the first to be conducted under the provisions of The Elections Act, Chapter E30 of the Continuing Consolidation of the Statutes of Manitoba, 1980, as amended by Bill 14, An Act to Amend the Elections Act, proclaimed in force on 18 August 1983.

The 1983 revisions to The Elections Act permitted expanded advance poll voting at the office of the Returning Officer and a system of declaration at the poll to enable those voters not on a voters' list to be registered to vote on polling day. In the 1984 by-election, 1.76% of total votes were cast at regular advance polls (5 days) with an additional 1.65% cast at the new advance poll established in the office of the Returning Officer (8 additional days). A total of 3.41% of total votes were cast at advance polls in the by-election compared to 3.2% of the total number of ballots which were cast at regular advance polls in the 1981 general election. The system of declaration at the polls replaced the system of vouching which had been in effect in the 1981 provincial general election. In 1981, 1.6% of all registered voters were added to the voters' list by means of being vouched for by another voter at the polls. In the 1984 by-election, 1.7% of total votes were cast by persons appearing at the poll, taking an oath of eligibility and providing 2 pieces of identification, thereby being added to the voters' list.

Other changes to The Elections Act included a clearer definition of acceptable ballots intended to reduce the number of ballots rejected at the count, introduction of a more cost effective system for publication of the proclamation of election and the elimination of the requirement for incapacitated voters to take an oath as to their incapacity.

Pursuant to section 99 of The Elections Finances Act, information with respect to the financial statements required to be filed on behalf of candidates and political parties will be published in the Annual Report of the Chief Electoral Officer. Financial information concerning the receipts and expenditures of political parties and candidates is also available for public inspection at the Office of the Chief Electoral Officer.
